Nehemiah 13

How We Wander

We stop LISTENING to the LORD.

We become APATHETIC to the MISSION of God.

We become INATTENTIVE in our FOLLOWSHIP.

Discussion Questions

1. How do you relate to what Jeremy said about our need to focus our attention on the Lord and His Word rather than all the other noises around us? How has being in community like this and being in the Word helped you to make it through this season? What adjustments do you need to make in order to be more attentive to the Lord?
2. The Church is really at the center of the Mission of God, isn't it? So when we consider our role in God's mission, we ought to consider how we are serving, supporting, and participating in the life of the body of Christ. So how are you doing there? What do you think needs to shift in your life to be more connected to the family of God at EHBC?
3. Discipline isn't easy, but it is vital. How can you grow more in the disciplines of following Jesus?
